East Arkansas Community College
Associate of Science in Liberal Arts and Sciences (ASLAS)

The Associate of Science in Liberal Arts and Sciences (ASLAS) is designed for students who wish to take the first two years of a four-year program with specific requirements before transferring to a four-year college or university. The ASLAS offers the most flexibility for these students, who take a 35-hour general education core and 25 elective hours chosen from any discipline to fit their planned baccalaureate degree program. UA-EACC has written transfer agreements with some state colleges and universities to accept the ASLAS degree. Students who plan to pursue an ASLAS should begin working with an UA-EACC advisor as soon as possible to determine where they will transfer and what their major will be in order to design a degree plan that will maximize transfer hours.
