

**University of Arkansas
East Arkansas Community College
Certificate of Proficiency in Health Professions**

The Certificate of Proficiency in Health Professions will provide students with the basic knowledge required to be successful in the EACC Allied Health Programs. The CP in Health Professions allows students to embark on their healthcare education journey and gain preliminary knowledge prior to selecting a pathway. Credits received within this certificate may be applied toward the Associate of Applied Science degree for the College's programs within the Allied Health Science Department.
