Associate of Applied Science in Nursing- Traditional Track

Nursing is a profession incorporating knowledge and principles of the humanities and sciences. Nursing functions independently, dependently, and interdependently with other health care providers to assist individuals and their families in meeting health care needs. The Associate of Applied Science (AAS) in Nursing is a five semester, 62-hour curriculum plan. Once accepted, students are required to participate in both classroom and clinical settings. Graduates may apply to take the National Council License Examination for Registered Nurses (NCLEX-RN).
